

# Homeschool Helper AI – Transcript, PSA, and Form Automation Overview

## 1. PSA (Private School Affidavit) Assistance

- AI can guide users step-by-step, prefill data, and generate drafts.
- Parents review and submit directly to the CA Department of Education.
- AI provides checklists, reminders, and linked resources.
- Legal limits: AI cannot sign or submit forms, and data must remain private.

## 2. Transcript Creation

- AI collects student details, course data, credits, and GPA.
- Generates official-looking PDF transcripts with signatures, scales, and course lists.
- Can adapt course descriptions for dual enrollment, AP, or special needs.
- Includes GPA calculator, credit audit, and formatting options.

## 3. Form Autofill Feature

- AI reads uploaded PDFs (OCR), identifies fields, and pre-fills data from user profiles.
- Works with PSA, attendance logs, transcripts, and other forms.
- Highlights low-confidence areas for human review.
- Exports editable, printable forms—never auto-submits.

## 4. Technical Flow Summary

- User uploads or inputs info once.
- AI securely stores profile data.
- AI pre-fills recognized forms and offers to generate new ones.
- User confirms accuracy and prints/submits as needed.

## 5. Legal & Ethical Guardrails

- Data encryption and privacy required.
- AI guidance ≠ legal advice (always link official sources).
- Parents retain full control and responsibility for submissions.

## 6. Recommended Initial Templates

- PSA prep checklist
- Transcript generator
- Attendance log
- Course description sheet
- Notice of Intent/Withdrawal
- Service hour tracker

*“Train up a child in the way he should go; even when he is old he will not depart from it.” — Proverbs 22:6*
